EXPERIENCE | **OWNER Morrison Consulting**

2017-PRESENT

Private consulting services targeting behavioral health and human service organizations as well as e-health and m-health companies.

CHIEF CLINICAL OFFICER/ADVISOR Netsmart Technologies

2012-PRESENT

Provided clinical leadership to a commercial vendor of Electronic Health Records and related technologies. Developed tools that would improve clinical care such as Clinical Decision Support Systems. Provided internal guidance about clinical workflows, psychometrics and leadership. Demonstrated industry thought leadership in the form of white papers, webinars and conference presentations. In August 2017, this position changed from employee to consultant status with a commensurate change in title.

CHIEF EXECUTIVE OFFICER Centerstone Research Institute

2008-2011

Led the startup and provided oversight to a new Research and Information Technology company dedicated to improving behavioral healthcare. Recognitions: The Data Warehousing Institute's (TDWI) Best Practices Award for Business Intelligence and highlighted in IBM's Smarter Planet Series. Received \$56M in research funding.

CHIEF EXECUTIVE OFFICER Center for Behavioral Health

1995-2008

Grew the organization from \$6.5 million and 180 employees to \$20M and 375 employees. Recognitions: JCAHO Ernest A. Codman Award for excellence in clinical outcomes, Nicholas E. Davies Award for excellence in the implementation of Electronic Health Records and Negley Chairman's Award for best practices in Risk Management. CBH remains the only organization in the world to have ever won all of these awards.
