

Dennis Morrison, PhD Teaching Experience

eLearning Content Developer and Presenter

*Netsmart Technologies
Overland Park, KS*

Created edited new courses for Netsmart's Learning Services Division.
Presented courses online and in person to general public and Netsmart Associates

Instructor, Nonprofit Board Governance

Indiana University Lifelong Learning

Co-taught a course of all aspects of nonprofit board governance

Adjunct Professor, Aerospace Physiology

Indiana State University, Department of Aviation Technology

Taught Aerospace Physiology to undergraduate professional pilot curriculum.

Columnist

Air Beat Magazine

Wrote a column titled *The Human Factor* for the trade publication of the Airborne Law Enforcement Association (now the Airborne Public Safety Association) dealing with the psychological and physiological effects of flight.

Aerospace Physiologist

United States Navy

Trained pilots and aircrew in physiological hazards of flight, emergency egress, and water survival. Received flight training in high performance turboprop aircraft and was on flight status continually. Position required advanced training in hypobaric physiology and water survival instruction. Held the following certifications:

- Red Cross CPR Instructor
- Red Cross First Aid Instructor
- Red Cross Water Survival Instructor
- Naval Aviation Water Survival Training Program Instructor.

Instruction skills were recognized as the standard against which other physiologists in the Navy should be judged. Designated as a Naval Clinical Psychologist while on reserve duty and may have been the only person in the history of the Navy to be dually designated as both an Aerospace Physiologist and a Clinical Psychologist. Held *Secret* clearance.

Assistant Professor /Psychologist/Consultant - Private Practice

Indianapolis, IN

Taught graduate and undergraduate crisis intervention class. Provided outpatient therapy services to athletes and other high functioning individuals. Provided local and national consultation in the areas of health promotion, sport psychology, and general behavioral sciences.

Doctoral Fellow

*Department of Counseling Psychology
Ball State University
Muncie, IN*

Taught undergraduate psychology classes. Taught and supervised graduate students in group and individual psychotherapeutic technique.

Dennis Morrison, PhD Teaching Experience

Exercise Physiologist

Ransburg YMCA

Indianapolis, IN

Provided fitness training, evaluation and consultation. Ran fitness classes and conducted Anthropometric assessments and oxygen uptake analysis using submaximal stress testing.

Scuba Instructor Trainer

Indiana YMCA Scuba Committee

Trained scuba instructor candidates in hyperbaric physiology, pathophysiology, and psychological aspects of scuba and scuba instruction.

Assistant Professor

Southern Arkansas University

El Dorado, AR

Taught anatomy, physiology, and health to nursing, pre-med, and allied health care students. Taught general psychology to majors and non-majors.

Graduate Assistant, Physiology

Ball State University

Muncie, IN

Lab preparation and instruction of anatomy and medical physiology to nursing and first year medical students.

Scuba Instructor

Trained students in all aspects of scuba diving including hyperbaric physiology, marine life, and basic underwater navigation. Training included both pool and open water instruction.

Undergraduate Lab Instructor

Ball State University

Muncie, IN

Ran lab sections for introductory undergraduate chemistry classes
